Toilet Preparations

THAT PRODUCE RESULTS

Every woman knows that there are many grades of toilet preparations. Some are put up in the most inexpensive manner possible, possess little or no merit, but are handsomely labeled and made only to sell to the credulous. We do not handle such preparations.

With another class of preparations the expense is all in the high quality of the goods. These preparations possess genuine merit, are safe, and produce results when properly applied as directed. We do handle these preparations, and we don't handle any other kind.

MAYOR COFFMAN IS BITTEN BY AUTO BUG

Now that the revised ordinance governing traffic upon the streets of Chickasha has been enacted, Mayor Coffman has been bitten by the auto bug. And friends aver that the best medical advice obtainable says the bite has been of serious proportions. With the speedometers of the different cars in the city regulated by ordinance, Mayor Coffman feels that he may now safely embark on and in an auto car and journey forth to view the country.

"I feel," said the mayor this morning, "that inasmuch as I have been walking back and forth across this fair city ever since I first arrived here that I have about caught up with my walking and I am now going to invest in a little benzine buggy."

The mayor did not intimate what kind of a car he would probably invest in but said that he proposed to inspect and investigate all makes. In the meanwhile, pending his selection, Mr. Mayor is being "joy-riden" all over and about Chickasha by a number of auto agents who are deeply interested in seeing he becomes the owner of the "best car made."

ARE MEDICINES LIQUORS?

A certain class of prejudice and jealous doctors call potent medicines only alcoholic beverages. They will tell you that such and such a medicine contains as much alcohol as a glass of beer or a certain quantity of whisky; but they do not mention that the beer or whisky is swallowed at one draught, while only a small quantity of the medicine is taken at one dose. At the same time they will use alcohol quite as freely and many in four or five times as great proportions in their own prescriptions.

Such standard remedies as Lydia E. Pinkham's Vegetable Compound use barely enough alcohol to preserve the root and herb extracts, too little to have injurious effects; and the medicine can be had, if desired, in a non-alcoholic form.—Adv.

BANTAMS TO BOX.

By United Press.

FORT WORTH, Tex., Feb. 29.—Frankie Sanders of Elizabeth, N. J., and Bobbie Burns of Dallas, bantams will box here before the Panther City A. C. tonight. There is considerable interest in the bout. Sanders gave Carl Fleming of Oklahoma City a neat trouncing last week and Burns recently beat Jimmy Pappas of St. Louis.

FINE WEATHER FOR GARDEN GROWING SAYS ROBINSON

"What do I think of this for garden weather?" do you ask? queried County Commissioner Jim Robinson yesterday while the winds were singing mournfully across the plains and whistling tunes of summer, coming in the sugar-scented air, as the thermometer played hide and seek with the freezing mark and the sun hid his face in disgust behind the banking clouds in the hazy west.

"Do you ask, 'what do I think of this for garden weather?'" repeated Mr. Robinson a second time. "Now, I suppose you think that I will come through and acknowledge that I think it is hard, on the blink and generally not desirable. But let me tell you, my friend, if such thoughts chance to be perambulating about in the backmost recesses of your thought emporium, you are sadly mistaken.

"The plain, unvarnished facts of the case are these: I think this weather could not be better for gardening purposes. Why, sir, a few days like this will prevent a too-rapid germination of the seeds already planted deep in the bosom of Mother Earth; a few days like this will hold back those seeds thus planted and permit the natural fertility of the soil to caress them and cherish them so that when they do sprout into life each seed will develop into a thrifty plant which will grow and thrive like a green bay tree, whatever it be in the sun. Patch a 'green bay tree' may be.

"Have I planted much garden," are you asking? Well, not so awfully much. Just three or four acres of beans and corn and canned parsnips and potted ham and spinach and black mustard and green onions and tomato soup and June peas and horse radish and pieplant and gooseberries and pumpkins.

WENT ON WAR PATH.

Lewis Groff of Duncan, went on the warpath yesterday evening, staging his war dance in one of the pool halls on Chickasha avenue. Groff announced, it is alleged that he was a bad man with a bad record and then started to clean up on John Rogers, who chanced to be standing conveniently near at hand. Groff pulled a knife and cut several slashes in Rogers' garments, each of which required several stitches to effect a healing. Bad and troublesome coppers came on the scene and landed the bad man from Duncan in the city jail. This morning he was handed out a fine of \$10 by Mayor Coffman.

SHEPARD VISITING SCHOOLS.

M. H. Shepard left this morning for the southern sections of the county where he will spend several days visiting the schools of those neighborhoods. Mr. Shepard will stop over this afternoon at the schools of Little Rush, Ninnekah and Acme. This is the initial trip of Mr. Shepard's second round of visits to Grady county's within 12 months.
